PROJECTS

Odds Application — UI Development Coordinator

https://github.com/DThorpe13/OddsApp.git
https://dthorpe13.github.io/OddsApp/

An up to date Major League Baseball playoff odds tracker.

- Our motivation behind Odds App was to pull and provide live user data in order to give them a dynamic and constantly updated experience. My key role was assisting in JS, while taking lead on the UI of the project. Tools/Languages: HTML, CSS, Bootstrap, JQuery, Javascript, Ajax.
- Tools/Languages: HTML, CSS, Bootstrap, JQuery, Javascript, Ajax

Code Quiz — Full Development

https://github.com/DThorpe13/CodeQuiz.git
https://dthorpe13.github.io/CodeQuiz/

A timed, responsive code quiz.

- A responsive code quiz that will prompt a user to initiate the quiz. After the quiz is initiated, the user will be timed to finish and for each question answered correctly and incorrectly, the time remaining will adjust accordingly.
- Tools/Languages: HTML, CSS, JS, JQuery, Bootstrap

Weather Dashboard — Full Development

https://github.com/DThorpe13/WeatherDashboard.git
https://dthorpe13.github.io/WeatherDashboard/

An up to date, 5 day weather forecast.

- An app that allows you to enter in a city and get the weather data in return for a 5 day window. Inserted data is stored in local storage.
- Tools/Languages: HTML, CSS, Bootstrap, JQuery, Ajax, Javascript

EDUCATION

Case Western Reserve University

Full Stack Web Development Certification

WORK EXPERIENCE

Lawhon Construction — Project Manager

June 2019 — Current

Medina, OH

As the dedicated project manager, it is my role to keep our daily tasks and work scheduled organized, as well as maintain a polite and professional relationship with each client.
